# Asthma Treatment Plan – Student Parent Instructions

The PACNJ Asthma Treatment Plan is designed to help everyone understand the steps necessary for the individual student to achieve the goal of controlled asthma.

- · Child's name
- · Child's doctor's name & phone number

Parent/Guardian's name

- · Child's date of birth
- An Emergency Contact person's name & phone number

& phone number

- . The effective date of this plan
- The medicine information for the Healthy, Caution and Emergency sections
- · Your Health Care Provider will check the box next to the medication and check how much and how often to take it
- Your Health Care Provider may check "OTHER" and:
  - Write in asthma medications not listed on the form
  - Write in additional medications that will control your asthma
  - Write in generic medications in place of the name brand on the form
- Together you and your Health Care Provider will decide what asthma treatment is best for your child to follow

#### 3. Parents/Guardians & Health Care Providers together will discuss and then complete the following areas:

- · Child's peak flow range in the Healthy, Caution and Emergency sections on the left side of the form
- · Child's asthma triggers on the right side of the form
- Permission to Self-administer Medication section at the bottom of the form: Discuss your child's ability to self-administer the
  inhaled medications, check the appropriate box, and then both you and your Health Care Provider must sign and date the form

#### 4. Parents/Guardians: After completing the form with your Health Care Provider:

- · Make copies of the Asthma Treatment Plan and give the signed original to your child's school nurse or child care provider
- · Keep a copy easily available at home to help manage your child's asthma
- Give copies of the Asthma Treatment Plan to everyone who provides care for your child, for example: babysitters, before/after school program staff, coaches, scout leaders
